# Surveyors Educational Seminars: '22 Schedule

*The truth is equal to one's initial observations plus corrections discovered through added experience or knowledge*

– Dr. Ben Buckner

Surveyors Educational Seminars is a division of 2Point, Inc.

### 2022 Class Update:

The Tennessee Board of Examiners no longer allows us to incorporate elements of "Standards of Practice" into our other courses.

Sign-ups open August 1st on our website [www.surveyorsed.com](http://www.surveyorsed.com)

## Kristopher M. Kline—Course (2)

### Utility Infrastructure/Forest Service Disputes/Artificial Lakes:

This class considers two areas, both related to Public Lands: (1)—Property rights associated with hydroelectric facilities and related power distribution grids, and (2)—Land disputes between private owners (or local governments) and Federal lands (whether administered by the U.S. Forest Service or otherwise).

**(6 hours) 2022 TN Approval # 1079.**

### Ethics, Professionalism and the Courts.

This ethics course focuses on professional behavior from the perspective of court decisions. The class includes real-world examples where surveyor's behavior has been analyzed and critiqued by judges nationwide. **(2 hours, fulfills Tennessee ethics requirement) 2022 TN Approval # 1081.**

## Weaverville North Carolina ONLY

### November 10:

### Losing Your 'Way': Extinguishing Easements (presented at Weaverville Location ONLY)

Easements are created in many ways, but this course focuses on the ways they can be obliterated. Both private and public rights will be discussed, including private driveways, public roads, railroads, and utility easements.

**(6 hours) 2022 TN Approval # 1083.**

### AND

### Ethics, Professionalism and the Courts.

This ethics course focuses on professional behavior from the perspective of court decisions. The class includes real-world examples where surveyor's behavior has been analyzed and critiqued by judges nationwide. **(2 hours, fulfills Tennessee ethics requirement) 2022 TN Approval # 1081.**

### November 11

### Utility Infrastructure/Forest Service Disputes/Artificial Lakes:

This class considers two areas, both related to Public Lands: (1)—Property rights associated with hydroelectric facilities and related power distribution grids, and (2)—Land disputes between private owners (or local governments) and Federal lands (whether administered by the U.S. Forest Service or otherwise).

**(8 hours) 2022 TN Approval # 1079.**

## Donald A. Wilson—Course (1)

### Dealing With Landlocked Parcels

Today, more than ever, are landlocked tracts of land becoming of interest. Remainder parcels, ancient titles and forgotten ownerships are of interest and concern. Usually, the question is whether there is access. More often than not legal access exists, but is elusive and demands specialized investigation to determine. Several examples illustrate how particular problems were overcome.

**(4 hours) 2022 TN Approval # 1080.**

### Tools of the Trade

A review of little-used, often unconsidered, ready tools useful in solving survey and boundary problems. This program focuses on history, research, and modern practices. Examples of unusual and unconventional procedures are presented. **(4 hours) 2022 TN Approval # 1082.**

## Sign-up Fees

Single Course—Early Discount—\$300.00

Single Course—Late Application—\$325.00

Both Courses—Early Discount—\$550.00

Both Courses—Late Application—\$600.00
